

Peanut Butter Buttercream

Ingredients

- 1c. (256 grams) peanut butter (creamy)
- 1/2 cup (1 stick) (113 grams) unsalted butter at room temp
- 2 c. (230 grams) Confectioner's Sugar
- 3 Tablespoons (33 grams) milk
- 2 teaspoons (8 grams) vanilla extract
- pinch of salt

Instructions

Blend peanut butter and butter on low speed with electric mixer until fluffy. Add sugar, milk, vanilla and salt. Beat on low speed until fluffy

*I've also tried this recipe with "Natural" peanut butter—while it still tastes great, the texture is not nearly as smooth.
