

School Bus Window & Doors

Long rectangle = bus doors

5 $\frac{3}{8}$ " long (or 13.5 cm) &
1 $\frac{3}{8}$ " wide (or 3.5 cm)

Template for small windows =
1 $\frac{3}{8}$ " (3.5 cm) x 1" (3 cm)

These templates worked well for me. Apply to crusted buttercream for impressions. I put a loop of tape on the back of the templates so I had something to hold onto.
